

Outdoor Hour Challenge—Magnifying Activity

Many ordinary things are interesting if you look at them up close and look carefully.

Here are some ideas to get you started.

Animal Fur	Bird Feather	Insect Wings	Flower petals, pollen, or stems
Mushrooms	Rain water or melted snow	Pine Needles	Tree Bark
Shells	Moss or Lichen	Sand	Leaves of all colors
Cracks in the sidewalk	Under a rock	Frost or Ice	Between bricks

Three Things I Observed With My Magnifying Lens

--	--	--

The most interesting thing I viewed with my magnifying lens was: _____

Write a description of what you saw: _____
