

Summer Nature Walk Senses Scavenger Hunt

Take a summer nature walk. Try to find the following things. As you find each thing, check it off the list. Depending on where you live, you may not be able to find everything, but see how many you can find.

Pick one of the things you find on your walk that is interesting to you to sketch in the box below.

Date: _____ Location of nature walk: _____

What is the weather like today? _____

Things to find/see:

- A butterfly
- A bee
- A ladybug
- An insect on a tree or leaf
- A mushroom or other fungus
- Something red or pink

What is it? _____

- Something brown

What is it? _____

- A bird that is on the ground or in a tree
- Three different shades of green
- A bird that is flying
- Berries or fruit on a bush or tree
- A weed that is taller than you
- A hole in a tree trunk

Things to hear:

- A buzzing bee
- A bird chirping
- A breeze rustling the grass

What other sounds can you hear?

Things to feel:

- Something hot from the sun
- Something cool or moist
- Something prickly
- A smooth stick
- A rough rock

Things to smell:

- A wildflower
- The grass

Do you smell anything else? If so, what?

Something interesting I found on my summer nature walk:
